

## ABOUT THE STATE

## HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The annual reunion and picnic of Co. D, 8th Vermont regiment, was held in Morrisville Thursday, with Gov. Gates as master of ceremonies.

James Wood Chapman, 69, retired, of East Orange, N. J., dropped dead of heart disease at his summer home in West Townsend Friday. He was laying out a new croquet ground when the attack came. He leaves a wife and five children.

Napoleon Lewis, an aged resident of Hinesburg, while driving towards his home from Burlington with his grand-daughter, was run into by Eugene Redmond of Hinesburg in an auto. The outfit and occupants were thrown into the brook and Mr. Lewis' arm was cut and his wrist injured. The young lady was not hurt. Mr. Redmond did not see the carriage until he hit it.

The Great Eastern Refrigerator Co. of Springfield, Mass., has four representatives in the town of Chittenden, where they have established a fern picking industry to last for two months, during which wild ferns will be gathered and sent to Springfield to be placed in cold storage to be sold to florists for decorative purposes next winter. Twenty-five pickers have been engaged and they are paid 20 cents per thousand fronds for their work. During three days recently, 3,500 pounds of fronds were sent daily through the Rutland express office. They are packed flat in wooden cases holding 100 pounds. The ferns collected are chiefly the evergreen wood fern, the spinulose wood fern, the Christmas fern and the marginata shield fern, which have tough leathery fronds.

## Killed By Train.

Albert J. Kierce, 38, of Arlington was run down by the southbound sleeper over the Rutland railroad early Sunday morning and was instantly killed. The accident happened a short distance south of the Arlington station and the body was found at 5 o'clock Sunday morning by the trackwalker.

The unfortunate man is known to have arrived in Arlington on the northbound sleeper and he evidently wandered on to the track in the darkness and was struck by the southbound train which meets the northbound at Manchester.

He was a native of Arlington, son of Michael Kierce and Catherine Morrissey. He was a carpenter by trade and was in the employ of M. J. Morrissey. Eight years ago while working as a brakeman on the Rutland railroad he lost the fingers from one hand.

He is survived by two brothers, John F. of South Londonderry and Thomas J. of West Sand Lake, N. Y., and two sisters, Mrs. Sherman of Troy and Mrs. John A. Connelly of Bennington.

## SUES FOR SLANDER.

Rutland Woman Claims Her Reputation Was Damaged.

Rutland, Aug. 24.—Mrs. Braunslaw Ostraska of Rutland has brought suit in Rutland county court through Charles E. Novak of this city as counsel, against Josephine Grudman of Proctor, to recover damages of \$5000 for alleged slander.

It is asserted that the plaintiff had always been a woman of "good name, fame, credit, morals, honest demeanor and conduct," until the defendant at Proctor on July 18, 1915, committed the alleged grievance, but that since the date given she has been shunned by her friends and has suffered mental anguish as result of statements made by the defendant, who "greatly envying the happy state of the plaintiff and contriving wickedly and maliciously to injure the good name of Mrs. Ostraska and bring her into public disgrace," made statements attacking her morals and intimating that she is a thief.

Seventh Century Needlework.

Before the end of the seventh century needlework was carried to great perfection in convents, where it was used for the establishment of the church and the decoration of priestly robes. Artists did not think it beneath their dignity to trace the patterns used for embroidery in their natural colors. A certain religious lady, wishing to embroider a sacerdotal vestment, asked no less a personage than St. Dunstan, then a young man, but already noted for his artistic skill and taste, to draw the flowers and figures, which she afterward worked in gold thread.—Exchange.

## "Gets-It" for Corns, SURE as Sunrise!

Any Corn, with "Gets-It" on It, Is an Absolute "Goner"!

Yes, it's the simplest thing in the world to get rid of a corn—when you use "Gets-It," the world's greatest corn-remover. Really, it's almost a pleasure to have corns, just to see them come off with "Gets-It."

"Gets-It" Puts Your Feet in Clover.

them come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "clean off." For eight hours and corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just easily—with "Gets-It." For warts and bunions, too. It's the twentieth century way.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.
